

DETAILED ACTION

Note: This is in response to the amendment filed 2/16/2010.

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

2. Claims 1, 10-13, 18, 19, 21, 22, and 74-76 are rejected under 35 U.S.C. 102(e) as being anticipated by Gaudoin et al. (US 6428568).

Note in figures 1-8 of Gaudoin et al., a catheter (10) comprises a shaft (11) and a folded balloon (tool section (15)) disposed at the distal end of shaft (11); a guide-channel (20) configured to receive a guide-wire (24) during delivery of catheter (10); wherein the folded balloon (tool section (15)) includes a distal exit (at 21 and 22) and wherein the catheter (10) includes an entry port (located at 14) into the guide-channel (20) for the guide wire (24) and a stent (54) mounted on the folded balloon (15) and distal end of the guide-wire (24). Note that claim 22 is not positively recited a second balloon catheter.

Response to Arguments

3. Applicant's arguments filed 2/16/2010 have been fully considered but they are not persuasive. Applicant's arguments with respect to claims 1, 10-13, 18, 19, 21, and 22 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
